drinks in-store when you present your HA card

MATCHALI was founded by cousins Cara and Laura, who are passionate about matcha's health benefits and culture. They use hand-picked, ceremonial grade matcha sourced from a fifth-generation tea farm in Uji, Kyoto. All drinks are made to order and hand-whisked. Matchali enhances traditional matcha with superfoods and plant-based ingredients, offering delicious, nutrient-rich beverages that provide clean energy without the jitters.
